making this work. The entire board feels disrespected for the office not even bothering to give a response. We have all dedicated hours (some of us thousands) to see soccer succeed, and we've done so with the hope that we could eventually provide a truly meaningful experience for the children of Jonesboro and have a positive economic impact on the city. I don't know if this message will have any impact on you, but I don't want to watch the last 12 years I've volunteered be for nothing. Please help - this whole thing is about to fall apart.

I plan to talk with Matt early next week, he and Brian talked Friday but we didn't have a chance to finalize possible options. We will be in touch with Matt early next week to try and finalize some decisions in a way that won't cripple the revolution program financially. Have a good Easter

Daniel, we had a productive phone call with
Matt yesterday. We are looking into a few
things pure revolutions request. I know City
Stars has been meeting as well. Will be in
touch.

Thanks for the update

Mayor - I wanted to reach out to you directly
and express my disappointment that we have
reached this juncture. I broke with my family
last year in supporting you over your
opponent, and your office's behavior in
dealing with this issue has been shameful and
disappointing to someone who believed you
to be honest and to have Jonesboro's best
interest at heart. Suffice to say, you've lost a
supporter throughout this process.

Daniel, I can assure you that I am
disappointed you feel that way. I can assure
you this is a lot more complicated than it
seems. The City Stars as you know is a
separate board of whom the Mayor does not
select. Again, I am communicating with Matt
and now it is more complicated because our
City Attorney is involved to ensure that
revolution and the city are protected during
any realignment process.

City Stars may be a separate entity, but it is
operated using city employees, facilities, and
vehicles. If they are truly a third party, there

City Stars may be a separate entity, but it is operated using city employees, facilities, and vehicles. If they are truly a third party, there should be legal documents defining their relationship with the city and those services should have been put out to bid like the services for the sports complex and a mechanism should exist for additional third parties (such as Germantown) to put in a bid to provide services to the city.

Again thus our attorney is involved

Matt has officially resigned from the board effective immediately. He informed me that you have requested a meeting with Ted from Germantown tomorrow around 11. I'll work with Ted to set that up and I hope we can have everyone in the room tomorrow so we don't have to kick this can down the road because this came minutes before the rest of the board resigned very publicly.

I can meet after 2, I'm not getting in till 1 am and have scheduled meetings until then . I wanted to get that time to you.

I'll see what Ted can do and let you know

I can make Monday work as well

Ted is not available tomorrow but he will make time on Monday.

I will as well let me know when he can make it

I can move things around on Monday for anytime after 1130

Ted and I will be at your office on Monday at 11:30.
