I appreciate that, he's my nephew but it was big for him.

I think it would be beneficial for you if you and I visit before the Germantown meeting. If you've got an hour for coffee this afternoon or breakfast in the morning, I'll keep it short and run through what I believe gives you the best path forward. I am available any time today or this evening and at 6 in the morning for breakfast. I want to be able to have a very honest and direct conversation with you.

3 at the hill top Shadrachs? I have mayors youth council at 4 at Craighead Forrest. Let me know if that will work?

That's perfect. I'll see you there.

Shadrachs isn't open on sundays. How does Starbucks on red wolf sound?

This Starbucks is packed. Why don't we meet at my office at Gateway. I'll fix us some coffee and it's closer to craighead.

No coffee for me I will meet you at gateway

Sounds great, thank you

Thanks for meeting today. Feel like we got a good framework. I do want to highlight a couple points. Phil can't answer to Danny in this role. It needs to exist outside of Parks. But otherwise I've got everyone in agreement - 55K for Phil as city employee, Rev as new independent 501C3, A&P funding for 50K a year for next two years, minimum of 4 events a year beginning in two years.

Do you have an update for me? Have you visited with A and P about funding? Have you reached out to Matt as we discussed?
