Subject: Soccer Budget Info

Good afternoon Danny,

I was looking through the 2024 Jonesboro budget and decided to find the soccer stuff and have really struggled locating the soccer or city stars revenue and expense items. Can you point me to where that is in the budget?

Thanks,
Daniel

I am not sure what you are really looking for but here is the Programs budget in the City Budget.
City Stars does not fall under that.

I was discussing with my family about how I suspected Soccer was the lowest cost per player ratio, and was looking for all the numbers that involved revenue. Where are the City Stars numbers?

Spring and Fall Soccer brought in just under 62,000 in revenue combined before expenses.
Harvest Cup brought in 6664 in gate and 7179.50 in registration before expenses.
The City Stars numbers are in the 990 IRS form. If you ever want to look at it just let me know and you are more than welcome to stop by my office to see it.
